

Groundbreaking Ceremony

November 11, 2020

Benediction by

Pastor Wally Frisch

We have gathered to make a statement to our grandfathers, grandmothers, fathers, mothers, sisters and brothers to our children and their children to all who have served our nation and those who will serve in the future.

Let us stand for God who has blessed this nation to live out our lives serving you by serving this nation in war and in peace in struggle and in prosperity.

May this small gesture from our community remind us of the sacrifice that all are making to keep our nation dedicated to the constitution that You have gifted us to live by.

May no veteran be forgotten for their sacrifice to bring us each day the freedom the founding forefathers envisioned by your word.

Let us leave here with conviction to do good for our nation as our veterans have done for us.

God bless America.
