Pastor Wally Frisch - Ebenezer UCC, New Tripoli

## VISION

The four townships of the Northwestern Lehigh School District have come together in a unified effort to honor our local Veterans with a permanent memorial to be located in Ontelaunee Park.

The vision of the committee is to list all the names of our residents who served in the military services since the Revolutionary War to the present time, with provisions for adding Veterans' names into the future.

## SCOPE

The names of Veterans will be engraved on granite panels in the memorial site. In addition, details of their service experience are recorded and accessible on our website. Both the physical memorial and the electronic data base can be used by family members, and history buffs to research information about our local Veterans' military service experiences.

We look forward to field trips for our school district's students to visit this memorial and learn about the extensive contributions of our local Veterans in the context of our nation's history. It will provide a solemn place for all residents to visit and remember the Veterans who have gone before us while recognizing the service of those still with us, honoring all who served to keep our nation free.
